

Maximilian Biezenski

Philosophy Department -Teaching Assistant

As a self-identifying Indigenous (Inuit) and Queer man in philosophy, I understand the importance Queen's places on equity, and I believe I can bring a useful perspective to the position of Equity Officer. I believe my philosophical training will allow me to meet the demands of openness and fairness that this position requires, and I am committed to ensuring that all minority groups are valued in academic spaces. I am committed to ensuring equal representation, and safe spaces on campus, such as the Minorities Association in Philosophy (MAP) which provides a space for underrepresented students in philosophy (undergraduates and graduates) to share their perspectives and issues relating to their identity. Queen's should be a safe and welcoming place to all, and as such, I feel like I could do much to continue to work towards this goal on behalf of PSAC Members if given the chance to do so.
